

Dear Ministry Team,

I believe that most people in ministry are aware that we are in the End Times. It describes the period of time that believers describe as the "Last Days" before Jesus returns. It is an exciting time indeed.

My name is Bill Kassler, an ordained minister of the Gospel, and I live in Port St Lucie, FL. 15 years ago, the Lord captured my mind and heart to do in-depth studies on the End Times. In that, I discovered, as you are aware, that there have been some biblical fulfillments. There are some events, like Armageddon, still to be fulfilled. Because we are living in the End Times, I was able to compile evidence, which demonstrates the accuracy of Scriptural fulfillment in our lifetime. This is nearly like digging up artifacts in Jerusalem to prove that there once was a Temple on the Temple Mount.

I am looking for people, in your area, who would like to host a conference to share the End Times information with both your congregation, and their guests. Our presentation uses scripture as a basis blending scientific evidence, news clips, and historical records to sway a skeptic into a believer.

In order to host a conference, what is needed is a room with a high quality, bright, video projector (HDMI connection), audio amplification, and a microphone. I can also, for smaller venues, bring a flat-screen TV to present the information. Thus far, the presentation has receive "high praise" from people who attended. The conference options are either a single 3 hour session (with a break), or two 2 hour sessions.

With your approval, there would also be books available for a nominal donation during the break, or at the end of the presentation. My End Times book has less coverage of the scientific evidence, and is more practical regarding the coming Tribulation. Other books will be available as well. We will also offer a time of prayer at the end of each session for your guests.

This is a great ministry opportunity for our community. I look forward to hearing from you. Please call, or contact me through our online website.

With the love of Christ,

*Bill Kassler*
